

# Principal's UPDATE

15th September 2023

Dear Parents and Carers,

As we conclude the second week of this new school year, I am pleased to share with you that despite some transport challenges for many families, we have had an exceptionally positive and heartwarming start to the term.

First and foremost, I want to express my sincere gratitude to all our students, both new and returning. Their enthusiasm, kindness, and commitment to our school community has not gone unnoticed. From the very first day, it was evident that they all entered the new school year with a positive attitude and a readiness to embrace the challenges and opportunities it brings - very much reflecting the core ethos of our school - to be decent human beings and engaged learners.

This update will be published fortnightly, and I hope that it will continue to provide an insight into school life - please do take the time to read through to the end. It was a pleasure to welcome all year 12 parents into school last Monday and I very much look forward to talking with more of you over the coming weeks at the various parent information evenings and school events. The school calendar can be found on our website [here](#).

With all best wishes for a peaceful weekend and with thanks again for all your support since the start of term,

Best wishes,

A handwritten signature in cursive script that reads "R Thorpe".

Ms Rachel Thorpe

Principal, Alcester Grammar School

## Safe Parking and Driving

A few polite requests for any parent/carer or student driving to AGS:

1) Please do not simply stop and drop off in front of the middle school gate. This not only blocks the road but stops pupils using the pavement to access the pedestrian gate and crossing - they have to walk into the road to avoid you. Please drop slightly further away to keep our pupils safe.

2) Please do not come on site whilst buses are loading and unloading at either end of the day. If you are on-site, please drive slowly and take particular care at the pupil crossing.

3) Please remember to be considerate of our neighbours when parking in (or driving down) local streets. Please in particular do not park so that drives get blocked or an emergency vehicle such as fire engine cannot easily get through.

## Sixth Form Careers Interviews

Are you involved in academia? In industry? Are you a clinician? Are you in the legal profession? Do you Interview for a living? If so, the AGS Aim High and careers programmes would like to hear from you.

With hundreds of students applying for a myriad of courses, many requiring high level interviews, our well established mock interview programme aims to give students the best preparation for what lies ahead. As ever our students are setting their sights high with almost a quarter of the year applying to Oxbridge or another course requiring a high level interview. Medicine is once again especially popular.

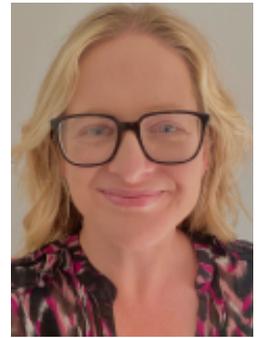

Huge thanks to the many members of the AGS community who have helped with this before, we very much welcome established interviewers as well as new volunteers. [If you think you could help by offering a mock interview to one or more of our high achievers please click here to fill out this short form.](#)

Many thanks

Mr C Gill - Head of Aim High  
Mrs D Perry - Head of Careers

## Message from Mrs Price

I wanted to take this opportunity to introduce myself, having now joined the senior leadership team at AGS. It has been a wonderful first couple of weeks, and a big thank you to all the students for making me feel so welcome.

I will be responsible for looking at personal development, including our extra-curricular offering, PSHE curriculum, outreach work, and the AGS House system, among other things. One of the first things we are introducing this year is our new Life Programme. This will run every Friday morning, in an extended form time, for all years of the school.

### What is the Life Programme?

It is a programme of activities/ speakers/ opportunities for students focused on building key life skills. This will range from; understanding about the importance of nutrition and exercise, to learning how finances work, to knowing how to take care of a bike/ car, to learning how to engage in our democratic system, to learning about world events, to working on developing literacy skills and oracy, to taking opportunities to give back to the school and wider communities.

### What is the rationale?

Personal development is a key part of our school development plan. The Life programme supports the AGS ethos that students will leave us with more than just good grades; they will also develop key life skills, and become 'decent human beings' who understand how to give back to society. It is designed to complement and add to our PSHE provision.

### How can you support your child?

The Life programme curriculum is hugely varied. You can support your child by talking to them about what they have learned, and where possible, provide opportunities for them to build on their learning at home. For example, you could provide the opportunity for them to plan a food shop with a budget.

In addition, if you feel you have any skills you could offer to help deliver this curriculum, we would love to hear from you! For example, it may be you could come and deliver a yoga class, or come in to talk to students about how to look after your car, or give a talk about marketing a business (the list goes on).

If you have any questions or if feel you are able to help with any of this, please do get in touch with me. My email is [s.price@alcestergs.com](mailto:s.price@alcestergs.com).
